

The **six learning areas** for lifelong **career development**.

For a positive career you need to...

Grow throughout life

Grow throughout life by learning and reflecting on yourself, your background, and your strengths.

Create opportunities

Create opportunities by being proactive and building positive relationships with others.

Explore possibilities

Explore the full range of possibilities open to you and learn about recruitment processes and the culture of different workplaces.

Balance life and work

Balance your life as a worker and/or entrepreneur with your wellbeing, other interests and your involvement with your family and community.

Manage careers

Manage your career actively, make the most of opportunities and learn from setbacks.

See the big picture

See the big picture by paying attention to how the economy, politics and society connect with your own life and career.
