# Curriculum Intent

At Wickersley Partnership Trust, we understand that getting the curriculum right for each and every individual student is the single most important factor in ensuring progress, encouraging positive engagement and raising aspirations. At Wickersley Partnership Trust, we want all students to leave able and qualified to play their full part in an ever-changing world through an ambitious, creative and innovative curriculum, which empowers students with the skills, knowledge and attributes to allow them to succeed in their next phase of education and their working life. Our curriculum is not driven by performance tables. It is our belief that a strong, broad, balanced curriculum, tailored to individual needs can remove barriers to learning and allow all students to access the curriculum appropriate to them and will therefore meet their individual needs. At WPT, we believe that English should be more than just teaching to an exam. As a core subject, we realise the importance of the fundamental skills that English can offer our students as they learn to articulate their thoughts and ideas on important topics, through a breadth of reading, the written word and their spoken word.

## Year 10 Curriculum

At the start of Y10, students will begin their AQA Literature study the play Macbeth, building on their knowledge of Shakespearean tragedy and the concept of the 'tragic hero'.

### Power

The institutional power through Kingship and Leadership is the main driver. Connecting to the main theme of ambition, Shakespeare also explores the corrupting power of overreaching from your position and the impact of guilt as a result. There are also links to the power of good v/s evil.

### Relationships

The dynamic of Lady Macbeth and Macbeth's relationship is key to developing students' understanding of imbalance of power in a relationship and also what a dysfunctional relationship is.

### Identity

We explore the important aspects of Macbeth's identity as a warrior, patriot and masculine character. It is especially important to look at how strongly Macbeth holds to this image.

Students then move on to study the pre-nineteenth century novel 'The Strange Case of Dr Jekyll and Mr Hyde', building on their prior teaching of gothic conventions and narrative perspective.

### Power

Traditional physical power is explored through graphic acts of violence. There is also an exploration of Hyde's power over Jekyll and the power of sin and vice.

### Relationships

The friendships of Jekyll with both Utterson and Lanyon are explored. The relationship between Jekyll and Lanyon and the different scientific ideas also develop on problematic/conflict in relationships. Relationship of the good side and dark side of human nature as an internal struggle within Jekyll.

### Identity

The identity of a Victorian Gentleman and its importance in society. It also explores Jekyll's discomfort with this identity, and especially the role of an outsider in society.

Students also study transactional writing and viewpoints extracts in preparation for Language Paper 2.

Students will complete the year with their spoken language unit, creating a presentation on a topic and presenting this to their peers.

## Assessment Points

Year 10 Students are assessed each half term through BRAG marking of the AQA exam assessment objectives. Students will work on identified misconceptions. Students will also sit mock exam papers in exam conditions, and take part in 'walk through hall mocks' in order to establish the routine of essay writing.

A variety of tasks are set which include, but aren't limited to, research tasks, creative writing, competitions and making things.

This term, Y10 will be creating a Macbeth inspired meal plan - students can complete the task however they wish, with suggestions such as create the meal and photograph, draw a plate and label the meal, or write out a three-course menu.

There will be performances linked to Literature texts for the GCSE classes and the opportunity for students to compete in a Poetry by Heart competition nationally.

# Careers

Students have been encouraged to think about careers that are intrinsically linked to the skills taught in English lessons, such as lawyers, journalists, advertisers, climate campaigners and how different jobs use different styles of language

English Careers lessons are in September. Each element of the careers lesson links to an aspect of the English Way and represents the importance of students becoming subject specialists in order to take their place in the wider world.

Our Y10 students considered a career in journalism, publishing and the media, creating interesting and impactful headlines for key events and news stories, using language to have an impact on their audience. Click on the logo below for an insight into a journalism career!

The English Way enables us to develop well-rounded individuals ready for the next stage of life after school.
