

WSSC

Study Skills

Guide

For Parents & Students

Dear Parents / Guardians

The purpose of this revision booklet is to give you and your child a variety of ideas and practical ways to revise on a daily basis.

Your child can and should get into the habit of revising regularly from the start of Y11 and you will be surprised at the number of ways you can help them. This booklet should give you some ideas to put into practice.

Good Luck!

Team WSSC

Preparing to Revise

Before you start revising you must know the basics:

- How many exams do you have?
- When are your exams?
- How long does each exam last?
- What units are in each paper?

Your teachers will be handing this information out to you in lessons before your summer exams

Make sure you have the following for each of your subjects:

- The syllabus/specification
- A revision guide, text book or class book
- Past papers

The following will be useful to have at home:

- Folders
- Plastic wallets
- Highlighters
- Coloured Pens
- Card and Paper

Revision Techniques

There are lots of different ideas that you could try, they won't all work for you, you need to find the ones that suit you the best.

Create a video

Creating a video of a topic you are finding difficult to remember is a great revision technique. Support your research by ensuring accurate information is used from your exercise books and the internet.

Free video apps include:

- Loopster
- Shadow Puppet
- PowerPoint
- 30 Hands

Post-Its

Write information on post-it notes and place them on the wall, door or large sheets of paper. You can then re-arrange them according to a variety of ideas:

- Categorise items into similar groups
- Organise them into what you know and don't know, re-arrange as you learn more to show your progress
- Follow trends or themes

Put any revision notes/post-its around the house especially in your favourite places like on the fridge, the backs of doors or mirrors. When you pass them, stop and consider what's on the note and expand and explain it to yourself in more detail.

Straight Away

As you read through your work, start to make notes straight away – don't wait for it to become clear. Get your thoughts and ideas down quickly as you read and just record the small details. At the end you may look back over what you have done to look for patterns or bigger pictures.

Flashcards

These can be made for all sorts of topics and can be quite small. The idea here is to put key words and ideas on the cards. Finally, shuffle the cards and then turn them over, one at a time, explaining each key word or idea out loud, to someone else if possible.

Helpful Tip...

Allow your child to teach you:

- How to do a key question from an exam
- How the circulatory system works
- How to conjugate a verb in Spanish

Draw Spider Diagrams

These are not as organised as mind maps, but for getting all of your ideas down to start with they are excellent. You can then organise your ideas from your spider diagram onto your mind map.

Mimes

Make up mimes for key words, concepts, people or places. You need to think through what mimes are suitable for the work that you are revising. Each character in a book can have a mime that fits them. A chemical group could have a linked mime to remember all the elements in it.

Problem Page

Before you start to revise a topic make a list of the typical problems or questions that you think you or other students might have. Now go through your notes and look for the answers. Finally, compose an explanation that you might share with others to make things clearer.

‘What I know’

Spend some time before your revision to record what you already know. This could be in the form of a spider diagram, a mind map or list. As you read through your notes, check if you really do understand each item. Are there things you have forgotten? If so, add them in. Are there things that aren't right? If so, correct them.

Helpful Tip...

Google documents can be used to work collaboratively:

- Create revision sheets or essays that can be peer assessed
- Use the comment boxes to allow discussion of ideas
- Share with a Teacher for feedback

Concept Mapping

Go through a topic and pick out key words, ideas, symbols or pictures and transfer them onto different pieces of paper or post-its. Group them together if they have any connections. Arrange them on a bigger sheet of paper using blue tack so that you can re-arrange them. Use arrows to link words and add phrases along them to show the connections.

Funny Stories

If you can introduce humour into your learning it will be more memorable. You can just imagine the image in your head, write it down or draw it.

Helpful Tip...

Make revision cards to test your child and ask them develop their answers! Flash cards can include:

- The meanings/ definitions of key words
- Diagrams
- Worked examples of calculations
- Q&A

Create Gap-fill Exercises

Go through your notes and recreate them leaving _____ key words. Then see if you can fill in the gaps later. If you _____ the exercise you can print copies regularly and keep testing yourself. You _____ wish to change where the gaps appear.

Make Lists

- Bullet point them
- 1. Number them
- a) Letter them

Do this according to what suits you best. Numbers will definitely suit those who like using numbers, letters for those who prefer reading and writing, but if you have no strong preference, try all of them.

Order/Sequence

Make notes, cut them into sections and then try to order or sequence them. Check against the original work to see how well you have done.

Visuals

Make good use of drawings and diagrams in your revision. Use different colours. Replace key words, ideas, people or places with pictures.

Posters

Make a poster of each topic. After reading all the information, condense it onto one poster. Use lots of different colours and pictures, but limit the number of words. Think carefully about which words you will use before you start.

Rhymes

Think of words that are similar to or rhyme with the words you are trying to learn. You only have to think how you still know nursery rhymes or the words of songs to know that this works.

Games

Use guessing games as part of your revision. Things like Pictionary, Scrabble and Taboo work as well. You have to change the rules so that you can only use words that are linked to the topic you are learning. You will need to make your own cards to play some of these games.

Helpful Tip...

Make models to help you remember key information:

- What does it look like?
- How does it fit together?
- How does it work?
- Explain to a adult how it works whilst creating the model

Sound-alike

You can split harder words up and have a series of pictures, for example, chromatogram = crow - mat - gram a crow sitting on a mat with a gram weight all on a colour strip of paper.

Reading Out Loud

Read your revision notes out loud to a particular rhythm – this could be set by music playing in the background or tapping your foot or by walking calmly and steadily. This is a sort of walk and talk.

Helpful Tip...

You can help your child revise by recording yourself reading key information:

- Play it back over and over
- Pause it at key points and have your child continue the explanation “live”
- Encourage them to transcribe their explanation
- Have them listen, make brief notes and then explain it back to you in their own words using their notes

Question and Answer (Q&A)

Devise questions and answers about a topic and quiz each other. You could create a version of ‘Who Wants To Be A Millionaire’ where the questions are graded according to the difficulty that you choose.

Underlining and Highlighting

As you read through the work in your exercise book underline or **highlight** keywords. You could come up with a predicted list of what you are expecting to read before you start or you could make a list of the key words as you work through the notes.

Use Colour

Most people like colour and will remember things much more easily if they use it. For example, you might want to make notes, putting **all important words in red**, **the importance concepts in green** and **the important dates in purple**.

Create a Rap, a Song or a Poem

If you like music, the rhythm of these sorts of activities will help you to learn. Get used to singing or talking your work to a set rhythm, perhaps use different rhythms for different topics.

Questions

Ask questions before you revise anything. Think about the topic to be studied and take some time out to think about the questions you would like to have someone answer for you. Write them down and as you read through your notes jot down any answers that you find. The brain likes looking for answers. When done, research carefully for the answers that you cannot find.

Helpful Tip...

Mind-Maps are a fantastic way to revise and breakdown important information - focus on exploring why and making connections between topics!

Symbols and Abbreviations

Look at all the key words in a particular topic and come up with a symbol or abbreviation instead – think hard about each word and match to an appropriate symbol or abbreviation. Write out revision notes using these instead of the key words.

Role-Play

Get together with a group of friends and create a role-play, perhaps for part of a novel that you are trying to learn or to re-enact a poem. You can try this on less likely topics, for example role-play the water cycle for Science or Geography.

Helpful Tip...

Be inventive when creating notes, make them a format that is memorable to you!

Useful Revision Websites

There are lots of school approved revision sites you can access which are full of resources, advice and topics to help you!

- BBC Bitesize
- Seneca - using your student log in
- Quizlet
- Active Learn
- Languages Online
- Active Learn
- MathsWatch
- Google Classroom
- Chat GPT - to clarify questions and exam style questions
- Goconqr

Helpful Tip...

Adults can use revision guides to quiz your child to help them with their studies. Setting your child a mini-quiz for each section can help to check how well they know a particular topic.

- Write these on cards and test the regularly
- Keep them in colourful pack for each unit
- And remember, revise 'a little, but often'

GCSE Subjects Overview Guide

Subject	Exam Board	Exam Content (exams, length % of each)	Useful links	Revision guides
GCSE English Language	AQA	Paper 1: Fiction (50%) Paper 2: Non-Fiction (50%) 5x questions per paper - 50% of the marks based on reading, 50% based on writing.	https://www.aqa.org.uk/subjects/english/gcse/english-literature-8702	Various, mainly for writing.
GCSE English Literature	AQA	Paper 1: 40% Macbeth Jekyll & Hyde Paper 2: 60% An Inspector Calls Power & Conflict Poetry Unseen Poetry Each of the five sections is worth 20%.	https://www.aqa.org.uk/subjects/english/gcse/english-language-8700	Each component has its own CGP revision guide.
GCSE Maths	OCR	3 Papers (1hr20min) 2 x Calculator, 1 x Calculator	https://ocr.org.uk/qualifications/gcse/mathematics-j560-from-2015/	Revision guides available from CGP

GCSE Science (combined)	AQA	6 papers (2x biology, 2 x chemistry, 2 x physics) each exam worth 16.7% paper length 1hr 15 mins	https://www.aqa.org.uk/subjects/science/gcse/combined-science-trilogy-8464/specification-at-a-glance	CGP AQA Revision Guide and Workbook - Combined Higher and Combined Foundation. Available to buy through Parent Pay.
GCSE Triple Science	AQA	6 papers total 2 papers for each GCSE (each paper 50% of GCSE) paper length 1hr 45 mins	https://www.aqa.org.uk/subjects/science/gcse	CGP AQA Revision Guide and Workbook - Separate Science - Biology, Physics & Chemistry. Available to buy through Parent Pay.
GCSE History	Pearson Edexcel	3 papers total Paper 1 Crime & Punishment 75mins Paper 2 Cold War and Elizabeth I 105mins Paper 3 Weimar & Nazi Germany 80mins	https://qualifications.pearson.com/en/qualifications/edexcel-gcse/history-2016.html	Pearson Revise - Revision Guide and Workbook available for each topic studied.
GCSE Geography	AQA	3 Papers, Paper 1 Physical Geog 90 mins, Paper 2 Human Geog 90 Mins, Paper 3 Geographical Skills 90 Mins	https://www.aqa.org.uk/subjects/geography/gcse/geography-8035/specification-at-a-glance https://www.bbc.co.uk/bitesize/examspecs/zy3ptyc	Revision guide available from CGP

Subject	Exam Board	Exam Content (exams, length % of each)	Useful links	Revision guides
GCSE Spanish	Pearson Edexcel	4 exams, worth 25% each. Listening, Speaking, Reading, Writing. Foundation or higher tier papers. Listening - 35/45 minutes including 5 minutes reading time, written paper Speaking - Conducted by the class teacher and externally assessed. 7-9 / 10-12 minutes plus 12 minutes preparation time. This exam is conducted in late April/early May. Reading - 45 minutes / 1 hour written paper Writing - Written paper 1 hour 15/20 Listening and reading papers are examined on the same day in the same session.	https://qualifications.pearson.com/content/dam/pdf/GCSE/Spanish/2016/specification-and-sample-assessments/Specification-Pearson-Edexcel-Level-1-Level-2-GCSE-9-1-Spanish.pdf https://www.languagenut.com https://www.bbc.co.uk/bitesize/examspecs/z799hbk	CGP Edexcel Revision Guide and Workbook. All students have a subscription to languagenut.com - website with revision exercises in all 4 skills.
GCSE French	Pearson Edexcel	4 exams, worth 25% each. Listening, Speaking, Reading, Writing. Foundation or higher tier papers. Listening - 35/45 minutes including 5 minutes reading time, written paper Speaking - Conducted by the class teacher and externally assessed. 7-9 / 10-12 minutes plus 12 minutes preparation time.	https://qualifications.pearson.com/content/dam/pdf/GCSE/French/2016/specification-and-sample-assessments/specification-pearson-edexcel-level-1-level-2-gcse-9-1-french.pdf https://www.languagenut.com	CGP Edexcel Revision Guide and Workbook. All students have a subscription to languagenut.com - website with revision exercises in all 4 skills.

		This exam is conducted in late April/early May. Reading - 45 minutes / 1 hour written paper Writing - Written paper1 hour 15/20 Listening and reading papers are examined on the same day in the same session.	https://www.bbc.co.uk/bitesize/examspecs/zhyy647h	
IT (DIT)	Pearson BTEC Level 1/Level 2 Tech Award in Digital Information Technology	3 components, 2 internally assessed (coursework), 1 exam. Component 1: Exploring User Interface Design Principles and Project Planning Techniques. Coursework - completed in Y10 (May window). Component 2: Collecting, Presenting and Interpreting Data. Coursework - completed in Y11 (December window) Component 3: Effective Digital Working Practices. Exam completed at the end of Y11 (Exam - 1.5 hours / 60 marks)	https://qualifications.pearson.com/en/qualifications/btec-tech-awards/digital-information-technology-2022.html	PG Online Clear revise All students are given a subscription to “Knowitall Ninja (KIAN)” - Revision website with learning resources and quiz activities covering all components of the BTEC DIT course.

Subject	Exam Board	Exam Content (exams, length % of each)	Useful links	Revision guides
GCSE Computer Science	OCR J277	2 exams - both worth 50% of the course, both 1.5 hours / 80 marks. Unit 1 - Computer Systems Unit 2 - Computational thinking, algorithms and programming.	https://www.ocr.org.uk/Images/558027-specification-gcse-computer-science-j277.pdf https://student.craigndave.org/j277 https://smartrevise.online/ https://www.bbc.co.uk/bitesize/examspecs/zmtchbk	PG Online Clear revise All students are given a subscription to “Smart Revise” - GCSE Computer Science revision website with multiple choice, extended answer question and flashcards.
GCSE Business Studies	Edexcel	2 Exams 1 Exam focusing on Year 10 1 exam focusing on Year 10 Both exams 1hour 45mins long 90 Marks both papers.	https://senecalearning.com/en-GB/seneca-certified-resources/business-gcse-edexcel/	Knowledge retrieval guide and revision workbook provided to students by class teacher. These have been provided to students already.
GCSE Economics	AQA	2 Exams Paper 1 - Microeconomics Paper 2 - Macroeconomics Both papers are 1 hour 45 mins & worth 80 marks	https://www.tutor2u.net/economics/reference/gcse-economics-100-multi-choice-revision-questions	Tutor2u revision guides + workbooks, for both micro + macro, can be found on the Google Classroom. Students have been given a printed copy of both revision guides.

GCSE PE	OCR	1. Coursework 20 marks (14 hours in class) 2. Practical 60 marks (in class) 3. Exam 1 and 2 60 marks each, 120 total (1 hour each)	https://www.ocr.org.uk/qualifications/gcse/physical-education-j587-from-2016/	My revision notes - OCR GCSE PE (9-1) Sarah Powell
Sport Studies	OCR Cambridge Nationals	R184 Contemporary Issues - 1 hour exam sat at the end of Y11. Other units are coursework.	https://www.ocr.org.uk/qualifications/cambridge-nationals/sport-studies-level-1-2-J829/
